

Dear Parent or Guardian,

The Healthy Schools Act of 2000 requires that all child care centers provide parents or guardians of students with annual written notification of expected pesticide use at the center. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives.

Parents or guardians may request prior notification of individual pesticide applications at the center. People listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the form below and mail it to:

Sincerely,

*Vicki Schwartz*

### **Request for Individual Pesticide Application Notification**

I understand that, upon request, the child care center is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at this center.

I would prefer to be contacted by (check one): U.S. Mail  E-mail  Phone
